

Permission for Assessment

Your student has been referred as a potentially gifted child. Assessments are required for identification purposes, and no assessments will be done without your written permission. Please read the following information and return this form to Gifted Coordinator, Building Principal or Homeroom Teacher as soon as possible. Any questions may be directed to the Gifted Coordinator or Building Principal.

According to Ohio Administrative Code 3301-51-15 and Ohio Revised Code 3324.01-07, students may be assessed with parent/guardian permission in individual and small group settings. If you would like to have your student assessed for gifted identification, acceleration or early entrance to kindergarten, please sign and return this form.

The assessment(s) will be conducted during regular school hours. Once testing is complete, you will receive a copy of your student's test results. If you have any questions or concerns, please feel free to contact the school office or the Gifted Coordinator for more information.

I understand that by granting permission, my student may be assessed by designated personnel and the information may be shared with teachers, principals, and other appropriate school personnel. I will be informed of whether or not my student qualifies, according to the State of Ohio criteria, for gifted identification.
